

Hair Care Tips

- **Wash hair bundles before installation.**
- **When washing hair, use gently running water. Use sulfate and paraben free shampoo and conditioner to maintain quality of hair.**
- **Comb hair from the ends first and work upwards.**
- **For curly hair, DO NOT brush hair when it is dry. Use fingers or wide toothed comb to maintain hair texture.**
- **Do not apply excessive heat. (450 degrees or greater)**

Shampooing and Conditioning

- **Shampoo extensions at least once a week**
- **Wash hair in a vertical motion**
- **Finger shampoo through extensions in downward direction**
- **Rinse shampoo thoroughly.**
- **Apply conditioner in downward vertical direction**
- **Condition ends of extensions very well. (If extensions have been dyed or permed, condition well thoroughly).**
- **Rinse conditioner from extensions thoroughly.**
- **Let hair extensions dry naturally**
- **Style extensions as desired.**
